Illinois Department of Financial and Professional Regulation Announces Eighth Round of “Same Site” Licenses for Adult Use Cannabis

CHICAGO – The Illinois Department of Financial and Professional Regulation has announced 11 more “Same Site” adult use cannabis licenses, which will allow an existing medical cannabis dispensary to obtain an adult use dispensing license, and the first “Secondary Site” adult use cannabis license, which will allow an existing medical cannabis dispensary to obtain an adult use dispensing organization license within a limited geographic area.

This license will permit the dispensary to begin adult use cannabis sales at that location starting January 1, 2020, provided the dispensary complies with local zoning rules or other local laws. These recent approvals raise the total number of approved adult use cannabis dispensary licenses to 46.

In addition to opening adult use dispensaries at the same site of their medical cannabis dispensaries, existing medical cannabis dispensaries are permitted under the law to open a second site for adult use sales at a different location. In the coming months, new applicants, including social equity applicants, will have the opportunity to apply for an additional seventy-five adult use cannabis licenses. Social equity applicants are eligible for additional points on their application and for technical assistance, low-interest loans and fee reductions. More information about applying as a social equity applicant can be found [here](#).
