

Applicants Participating in the Social Equity Justice Involved Lottery
Updated August 4, 2021

Public Act 102-98 amended the Cannabis Regulation and Tax Act ("Act") to establish a *Social Equity Justice Involved Lottery* to award up to 55 Conditional Adult Use Dispensing Organization Licenses ("Conditional Licenses") to Qualifying Social Equity Justice Involved Applicants. A "Qualifying Social Equity Justice Involved Applicant" means an applicant that submitted an application pursuant to Section 15-30 that received at least 85% of 250 application points available under Section 15-30 as the applicant's final score and meets the criteria of either paragraph (1) or (2) of the definition of "Social Equity Applicant" as set forth under the Act.

The Department sent final scores to all applicants via email on July 28, 2021 and below are the lists, by BLS Region, of applicants participating in the Social Equity Justice Involved Lottery. The Department posted this updated list following additional review of the applicants that qualified for the Qualifying Social Equity Justice Involved Lottery.

The Social Equity Justice Involved Lottery is scheduled to occur on August 5, 2021. The results will be posted on the Department's website by end of the day on August 5, 2021.

Below is the list of all applicants eligible for the Social Equity Justice Involved Lottery. The Social Equity Justice Involved Lottery consists of 17 drawings; one for each BLS Region. No applicant may be awarded more than 2 Conditional Licenses through the Social Equity Justice Involved Lottery.

Each Qualifying Social Equity Justice Involved Applicant in each BLS Region is identified below by the Proposed Dispensing Organization Name and the Unique Application Number assigned to each application - the Unique Application Number can be located on any documents provided during the Supplemental Notice Process and on the final score sheet emailed to the applicant on July 28, 2021. Each Unique Application Number has been assigned a Unique Lottery Number that represents one lottery entry for that BLS Region. Unique Lottery Numbers assigned to participants may have changed in this updated list; final scores have not changed for any applications. If a Qualifying Social Equity Justice Involved Applicant used the same application for more than 1 application fee in any single BLS Region, the Unique Application Number will be assigned a Unique Lottery Number for each application fee and will appear on multiple rows on the list. The Illinois Lottery will use a computer-based process to randomly draw the Unique Lottery Numbers, which will determine the order by which applicants have the opportunity to receive the licenses in that BLS region.

Term	Meaning
Unique Lottery Number	The Unique Lottery Number is randomly assigned to a Unique Applicant Number. The Unique Lottery Number will be used to identify the results of the lottery drawing.
Unique Application Number	A Unique Application Number was assigned to all applications.
Applicant Name	The Applicant Name reflects the entity's name as submitted on the original application.
