Gentlemen:

In connection with Director Menchaca's notice of the hearings on the Illinois Community Currency Exchange Association's and participating members' petition for an increase in maximum check cashing rates, below is a list of the witnesses that the Petitioners intend to call to testify at the hearing:

Martin Lieberman, current President of the Community Currency Exchange Association of the State of Illinois (the "CCEA") with 60 years of experience in the currency exchange business.

Michael Levitt, an owner/operator of in-state and out-of-state currency exchanges since 1970, former director of Corus Bank for 30 years, former Chairman of the Board and President of the Illinois Community Currency Exchange Association.

Scott Hirschman, whose family has owned and operated currency exchanges for three generations, primarily in suburban locations

John Iberl, former President of the CCEA and its current Executive Director, with many years of experience as an operator of inner city currency exchanges as well as working with currency exchange operators and the IDFPR.

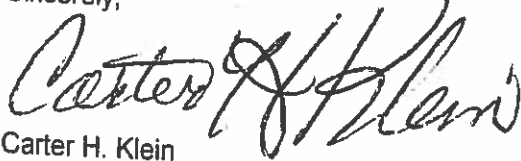

Dean Panos of our firm, as attorney for the CCEA, will be making opening and closing statements for the CCEA and is available for answering questions that come up. I also may ask or respond to questions and make remarks to further cause of the hearing.

I've spoken to all the witnesses and expect them all to appear and testify. We, however, reserve the right to modify the list of witnesses if necessary, mindful of the 5 day advance notice requirement.

As noted above, Bernard Ford of Navigant Consulting will be testifying as an expert or consultant in support of the CCEA's and members' rate increase petition. An electronic copy of Navigant's Report was emailed to Louis Butler yesterday. Ten (10) written copies of the Navigant Report are delivered with this letter for the IDFPR.

Please let me know if you have any questions regarding the foregoing.

Sincerely,

Carter H. Klein
